Student at the High School Carlos Pellegrini from 1973 to 1976.

He was picked up by the police or security guards on April 19, 1978 in the office of his father, physician Marcos Weinstein. Up to now, nobody knows his whereabouts and the relatives in Buenos Aires have exhausted all possibilities of getting information about him.

The American Embassy in Buenos Aires has suggested that Dr. Weinstein try to find relatives in the United States as they would have justification for inquiring about his son, as they, in turn, must ask for a Congressman to send his inquiry to the Embassy in Buenos Aires.
